

Saint Oswald's Memorial Church Repair

Sponsor-a-Roof-Tile Form

Until the Saint Oswald's Memorial Church was structurally damaged in the 2016 Kaikōura Earthquake it offered an unconditional haven for locals and travellers alike. A place to come together and worship, to rest and reflect. The Church needs extensive strengthening and repair work and the Saint Oswald's Memorial Trust hopes not only to repair but to enhance the facilities for future generations to enjoy. Work commences in 2024 subject to funding.

An estimated 900 tiles will be used in the proposed new roofing system using a Polymeric Slate Tile manufactured from recycled TPO and EPDM polymers. An environmentally sensitive solution whilst looking and feeling very much like natural stone slate.

Become a valued member of the repair legacy by sponsoring a roof tile for a suggested donation of \$500 per tile. Please complete and return this form to apply.

SPONSOR DETAILS - I/we would like to donate \$ _____ (\$500 per tile) to support the repair of the Saint Oswald's Memorial Church.

Full name: _____

Email address: _____

Postal address: _____

Phone: _____ Date: _____

Please use this name on the Sponsor-a-roof-tile Certificate and in the Roof Donation Register:

-
- Tick if you would like a donation receipt
 - Tick if you do not want a certificate
 - Tick if you do not want to be named in the roof donation register

PAYMENT DETAILS - Please make your donation to "Saint Oswald's Memorial Trust" ANZ 06
06010 725269 46 - Reference "Roof Tile Project" and your name.
